

IF YOU ARE TARGETED BY THE DEPORTATION MACHINE, THIS STRUGGLE IS YOUR STRUGGLE. WHERE YOU LIVE, THIS STRUGGLE IS ABOUT THE INTERSECTION OF MASS SURVEILLANCE, DATA CENTER EXPANSION, AND ICE KIDNAPPINGS, THIS STRUGGLE IS YOUR STRUGGLE.

WE'RE ASKING FOR PARTICIPATION AND SUPPORT FROM AROUND THE COUNTRY!

BY CONCENTRATING OUR ENERGY AND NUMBERS AGAINST THE INFRASTRUCTURE THAT ICE NEEDS TO CONDUCT DEPORTATIONS, WE CAN TAKE THE INITIATIVE INSTEAD OF BEING CAUGHT IN A REACTIVE CYCLE. THE SITES ARE IN VERMONT, BUT THE CONSEQUENCES ARE NATIONAL.

PLEASE COME AND JOIN US IN VERMONT, OR ORGANIZE SOLIDARITY ACTIONS WHERE YOU LIVE. THERE'S ROOM FOR EVERYONE IN THIS MOVEMENT, AND IT'S UP TO ALL OF US TO

SHUT DOWN

WEEK OF ACTION TO SHUT DOWN ICE'S SURVEILLANCE INFRASTRUCTURE
OCTOBER 4TH - 9TH

IN AUGUST 2025, ICE REACTIVATED A CONTRACT WITH PARAGON SOLUTIONS, AN ISRAELI SPYWARE COMPANY WHOSE FLAGSHIP PRODUCT, GRAPHITE, CAN HACK INTO ANY PHONE WITHOUT THE USER KNOWING, ACCESSING ALL APPLICATIONS (INCLUDING SIGNAL AND WHATSAPP), ALL DATA, AND ALL FUNCTIONS OF THE PHONE, INCLUDING THE ABILITY TO TURN THE USER'S PHONE INTO A COVERT LISTENING DEVICE. THIS SURVEILLANCE TOOL IS LIKELY BEING USED AT THIS FACILITY.

SURVEILLANCE CONDUCTED IN VERMONT ENABLES ICE TO TARGET, TRACK, AND VIOLENTLY DETAIN PEOPLE ACROSS THE COUNTRY.

WHAT HAPPENS AT THIS FACILITY?

ACCORDING TO ICE, ANALYSTS "SCOUR FACEBOOK, TIKTOK, INSTAGRAM, YOUTUBE, AND OTHER PLATFORMS, CONVERTING POSTS AND PROFILES INTO RAIDS." THEY EVEN TRACK "NEGATIVE SENTIMENT" ON THESE PLATFORMS. IN SOME CASES, ANALYSTS INVESTIGATE A PERSON'S "FAMILY MEMBERS, FRIENDS OR CO-WORKERS" AS A MEANS OF LOCATING THE "TARGET" OF THEIR DETENTION AND DEPORTATION OPERATIONS.

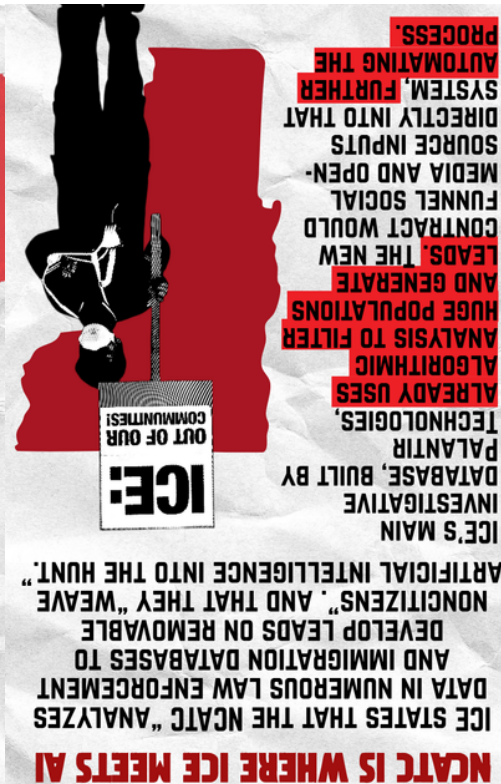

IN 2023, THIS SITE INVESTIGATED 4.6 MILLION PEOPLE.

ICE'S NATIONAL CRIMINAL ANALYSIS AND TARGETING CENTER (NCATC) IS BASED IN VERMONT.

THIS IS ONE OF ONLY TWO FACILITIES IN THE COUNTRY THAT SERVE AS ICE'S SURVEILLANCE NERVE CENTER. THE OTHER IS LOCATED IN SANTA ANA, CALIFORNIA.

NCATC IS WHERE ICE MEETS AI

ICE STATES THAT THE NCATC "ANALYZES DATA IN NUMEROUS LAW ENFORCEMENT AND IMMIGRATION DATABASES TO DEVELOP LEADS ON REMOVABLE NONCITIZENS". AND THAT THEY "WEAVE ARTIFICIAL INTELLIGENCE INTO THE HUNT."

ICE'S MAIN INVESTIGATIVE DATABASE, BUILT BY PALANTIR TECHNOLOGIES, ALREADY USES ALGORITHMIC ANALYSIS TO FILTER HUGE POPULATIONS AND GENERATE LEADS. THE NEW CONTRACT WOULD FUNNEL SOCIAL MEDIA AND OPEN-SOURCE INPUTS DIRECTLY INTO THAT SYSTEM, FURTHER AUTOMATING THE PROCESS.
